For: ELONGATED MAGNETIC SENSOR	:	

This application is before the Office of PCT Legal Administration for consideration of issues under 35 U.S.C. 371.

On 14 April 2006, applicants filed national stage papers in the United States Designated/Elected Office (DO/EO/US) electronically via EFS-Web. The submission included, *inter alia*, a transmittal letter; an executed declaration of the inventors, an English translation of the international application and a preliminary amendment. The international application number keyed into EFS-Web was PCT/JP05/02843. The Transmittal Letter, declaration and preliminary amendment indicated the international application number as PCT/JP05/03843.

Applicant is required to file a reply to this communication resolving the above-stated inconsistency. A proper reply would include a petition under 37 CFR 1.182, including the petition fee set forth in 37 CFR 1.17(f), to correct the Transmittal Letter (The petition should set forth the specific circumstances as to how and when the error was made and should set forth that the mistake was an inadvertent error without deceptive intent).

A proper response must be filed within **TWO (2) MONTHS** from the mail date of this decision. Extensions of time under 37 CFR 1.136(a) are available. Failure to timely file a proper response will result in abandonment of the application.

The "Notification of Acceptance" (Form PCT/DO/EO/903) mailed 03 March 2009 is hereby **VACATED**.

Please direct further correspondence with respect to this matter to Mail Stop PCT, Commissioner for Patents, Office of PCT Legal Administration, P.O. Box 1450, Alexandria, Virginia 22313-1450, with the contents of the letter marked to the attention of the Office of PCT Legal Administration.
